Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A borrower with multiple outstanding loans	Reduce my debt through a fair settlement	I don't know the best negotiation strategy	I lack financial knowledge and guidance	Stressed and uncertain
PS-2	A financially struggling borrower	Understand my financial health	I cannot accurately evaluate my repayment ability	My income and expenses keep changing	Confused and anxious
PS-3	A borrower negotiating with lenders	Generate a professional settlement request	I don't know how to prepare an effective settlement letter	I have no legal or financial expertise	Nervous and less confident
